*As we reflect upon our personal journeys since entering St Joseph's School of Nursing,  
 we feel proud to be a part of this nursing Alumnae and St Joseph's Hospital.*

*Graduation day was the day of fulfillment of one's dreams. We have walked a long way towards this goal.  
 We worked hard. We were devoted to our goals and we achieved.*

*We took our first step together, on that very first day of nursing, as strangers not knowing what lay ahead  
 of us. We have gained knowledge, lifelong friends, and some incredible memories ... together. No longer as  
 strangers but now as a family, let us enjoy this day as we continue to take steps into our futures and into  
 our unlimited potential.*

*Let us promise to our Alma Mater that we will always uphold the dignity of our profession, wherever we  
 go, and whatever we do, letting our light shine through.*

*Today we are pleased to announce that we have 334 attendees at this 104<sup>th</sup> St Joe's Alumnae Anniversary  
 Reunion. It is a pleasure to see all of you gathered here together.*

## Toast To The Alma Mater by Karen Wilson Martin '69

Nursing education at St. Joseph's Hospital occurred between 1911 and 1978 with the first graduation being held in 1915. Our last graduation was in 1978. That was 41 years ago! Today, we have 335 attending our annual reunion day luncheon, with graduates from Canada, the United States and Australia and classes representing a span of 35 years (1943-1978) Did I say that we have not had a graduate since 1978? Isn't this amazing? it is a tribute to each of you!

I was wondering about this while I was looking at some photos of our (1969) graduation. There was a photo of Sister Grace Stevens '34 (Administrator of St. Joseph's Hospital), Sister Joan O'Sullivan '43 (Director of Nursing Service, St. Joseph's Hospital) and Sister Ann Marshall '56 (Director of St. Joseph's School of Nursing). I began to think of the **people** who made a difference to us as students at St. Joseph's School of Nursing and later as graduates. Many of our faculty were St. Joseph's grads (think of all those who were involved in your nursing education) such as Sister Virginia Hanlon '45, Isabel Kerr '60, Betty McInnes '53, Marie Yakimoff '54 and many more. Consider those grads who were in charge of nursing units or who mentored us, such as Ivy Hart '40, Donna Gravis '46, Eva Staneff '51, Judy Skarrett '62 and many more. Consider other nurses who influenced your development and performance as a nurse. As graduates, remember those you met and continue to meet at the Annual Reunion Day Mass and Dinner/Luncheon.

During our time at St. Joseph's, we were started on the road of discovery as to who we were and what we would become. The experiences and relationships with the Sisters of St. Joseph's, our educators, classmates, patients (now clients), all of these would help to define our existence both then and now. In short it molded us into what we would become. To paraphrase Sir Isaac Newton - ***If we have been successful in this life, this career, it has been by standing upon the shoulders of giants*** (our faculty and all those nursing graduates who preceded us).

I would ask you to stand, if you are able, to toast our Alma Mater.  
**"To St. Joseph's School of Nursing!"**
