OUR FIRST-NIGHT PARTY

Some schools of nursing or colleges initiate the new students with hilarious and exertive feats ordered by students who are their seniors. Sometimes, more often than not the initiation is a great deal funnier to the seniors than to the ones being initiated. In our school we have a different approach to the receiving of new students. Our program of initiation is called a first-night party and each new student is given a senior (so to speak) for a big sister. A big sister is supposed to take a personal interest in the new student just as she would in her sister if she were in training and help her get used to residence life and to nursing in any way that she can. On the first night in residence the party occurs and this year it was on August 21, 1959, and it was held in the Auditorium. Linda Bergstrand was acting as hostess and she introduced the new students one by one and mentioned where each one was from. At first everyone seemed a little ill at ease but later the conversation got to the "If you're from Welland do you know Oscar" stage and everyone became more relaxed. After we were introduced to our little sisters as we sat around and talked and a lunch was served, of course by this time the crowd was mixing freely and things became more informal, and everyone was calling each other by their first names. After it was over we dispersed to our rooms and everyone settled down to a good night's sleep, that is except the preclinicals. It is almost a tradition for the pre-clinicals to stay awake the first night because they're so excited; even the most blasé of students do, and I can say truthfully that I remember the night Marg Kelly stayed awake, all night, though I'm sure she's never done it again since.

OUR CAPPING DAY

*It is with fond memories that we will always remember Friday December 18th, 1959.
 It was this day we received our caps.*

The ceremony commenced with the Hospital Administrator, Sister Mary Grace, officially welcoming us into the School of Nursing and giving us some words of encouragement and advice which will be thought of often during our three years of training.

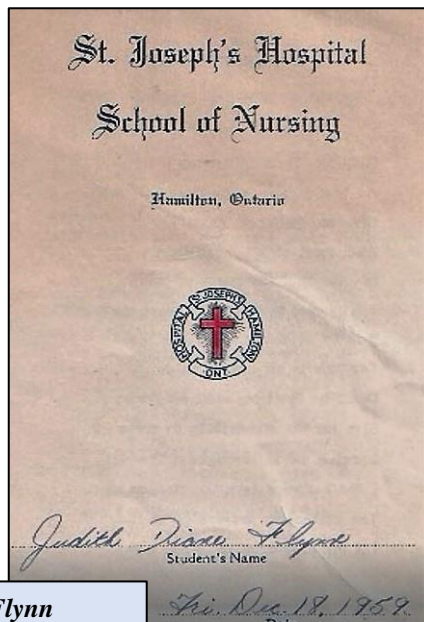

Holding our lighted candles we recited the Jeanne Mance pledge after which we proudly knelt and received the St. Joseph Cap which was placed on our heads by Sister Mary Grace.

Slowly we returned to our places.

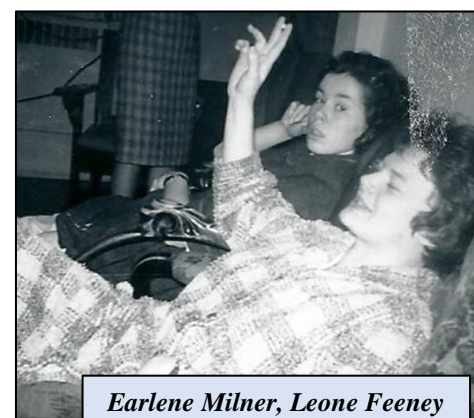

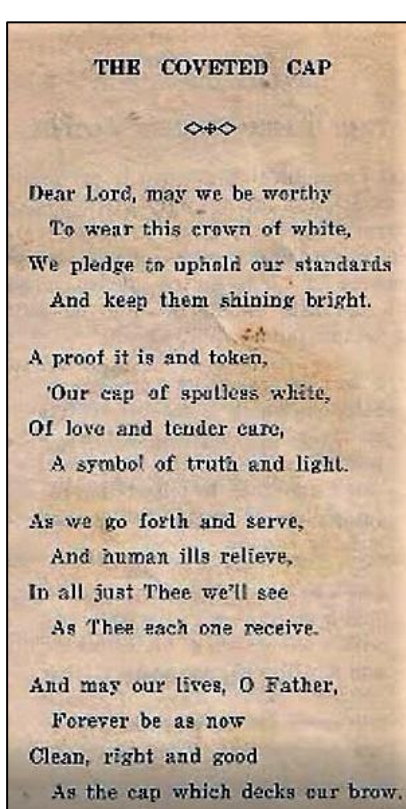

We had reached our first goal and we pray with God's help, during the next three years we may become nurses that our hospital will be proud to call "Graduates of St. Joseph's School of Nursing."

CHRISTMAS CONCERT 1959

Beatrice Bauernbuber, Lorraine Winnie,
Yola Pichelli, Marlene Tschirhart

CHRISTMAS CONCERT December 17, 1959

The annual Christmas Concert of St Joseph's School of Nursing was held on December 17, 1959 presented by the class of '62. The main theme was Christmas Around the World.

The auditorium decorated with colourful leaves, Christmas flowers and ornaments presented an awe-inspiring picture of Christmas. To add to the beauty of this scene was the 40 voice choir clad in white gowns, silver mortar boards and red tassels.

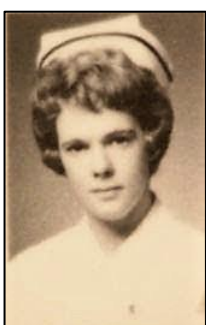

The traditional Christmas songs, Silver Bells, Adeste Fideles, Oh Little Town of Bethlehem and I Heard the Bells were sung by the choir, under the direction of Judy Heaslip.

The three talented Farrell sisters added to the festivities of the Concert by their singing of the Indian Christmas Carol and a Negro Spiritual.

The finale of the Concert was the beautiful, solemn, Nativity Scene depicting the birth of Christ.

At various intervals throughout the nativity Scene the Choir sang Angels We have Heard On High, and We Three Kings

Native gifts were presented from twelve different countries to the Infant Jesus and as the last gift was laid down, the curtain fell on the scene of peace and good will

Pauline Cloutier, Stephanie Gabriel, Shirley Newman & Helen McKay
appeared as the three chipmunks.

Eileen Laba, Judy Passmore, Dolores Morin,
Barb Whittaker, Mary Nagy

Leone Feeney performed
an Irish dance.

Norma Herriot performed a
Scottish dance, complete with
kilt & sword.

Lione Bakaitis performed a
Lithuanian dance.

The three Farrell sisters sang the Indian Christmas Carol
and a Negro Spiritual.
Cathy '60, Isobel '62, Mary '61

Audrey Bing delighted the
audience with her piano
rendition of Jalousie

Judy Heaslip sang
Oh Holy Night

San Affiliation

Each month six students from St. Joseph' Hospital affiliate at the Hamilton Sanitorium.
The numerous buildings on the sanitorium grounds were at one time used for patients with tuberculosis, but now, because of drug therapy and earlier discovery of tuberculosis, patients require treatment for a much shorter period of time, and due to this, many of the buildings at the sanitorium have become unused.

The Sanitorium unit includes the Chedoke Hospital and the Brow Infirmary.
While on affiliation students live in Holbrook Residence, a pleasant modern building with large airy rooms for study.

Approximately half of the course is spent at the T.B. centre and the other half in rehabilitation at the Brow Infirmary. The time spent on the wards at the two centres, is balanced with classes and assignments. The instructors are patient and helpful, as are the nurses on the wards.

Recently the Sanitorium has housed many Eskimos suffering from tuberculosis. It is interesting to work with these people and observe their activities and hobbies. Many clever carvings are done by the adults. The children attend school for six hours a day in the classroom provided.

There is a great deal for student nurses to learn about tuberculosis, since surveys prove that it is still presenting a very real problem. The time spent at the rehabilitation centre proves especially beneficial on return to our general hospitals, where many elderly people are being cared for.

The sanitorium affiliation is one that every student who is able to go, should use and appreciate to their fullest extent.

Our Visit to the Mother House

On the first Friday of December, 41 Senior students eagerly set out for St. Joseph's Mother House. The occasion? -the class of '62 had been invited by the Sisters of St. Joseph to spend the evening with them at the Mother House.

We were greeted at the door by Sister St. Christopher, Mistress of Novices, and shown to the Reception Room. Here, we were given the opportunity of meeting the Novices. After a short interval we moved downstairs for lunch. The food was delicious, and without much encouragement we ate all. Afterwards, we talked with the Novices and learned from them something of their new life. At 7:15 p.m. we were taken to the Chapel for Holy Hour and Benediction. Father Blake Ryan conducted the Holy Hour and spoke briefly to us on Vocations. He reminded us that although we have already chosen our profession, we still must pray to find the right vocation.

Before we realized it, our short visit had ended, and we were reminded to return to Residence and the work awaiting us.

All of us wish to thank the Sisters of St. Joseph, and especially Reverend Mother Alacoque, for giving us this opportunity of visiting their home; for who is to say, possibly one of us may someday make it our home too.

Reunion Day 1997

July 31st, 1961; a day never to be forgotten by the Class of '62! - the official presentation of our black bands.

Sister M. Virginia, with the help of Miss Boughner, presented the cherished bands to us in the hospital auditorium; and reminded us of our many responsibilities as Senior nurses.

Following this, a class of excited Senior nurses enjoyed dinner in our cafeteria, with the happy realization that our goal as Senior nurses had been achieved at last.

May 15! What an air of excitement existed in the halls of Undermount Residence, for it was the night of the Class of '62's uniform dance, our Red Rose Ball. We met our escorts at Undermount, and proceeded to Cathedral Girl's High School Auditorium, for 8.30 p.m.

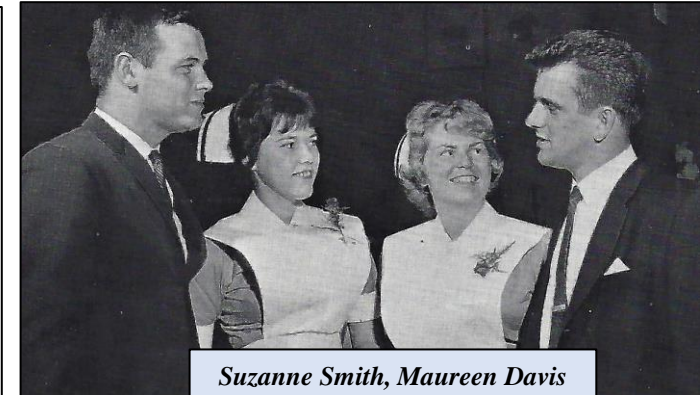

As we went in, a red rose was pinned on each of us, by the intermediate students, as strains of music played by Wally Mack's Orchestra drifted out into the hallway, inviting us in to dance.

Excitement heightened as the hour drew nearer to 10 p.m. - the time set for the crowning of our Red Rose Queen. Chosen by the entire student body, Lois Balfe proved a radiant, happy Queen, with Stephanie Gabriel and Barb Mulholland as her Princesses.

Dancing continued until 12 midnight, following which we all returned to Undermount. Tired and happy we went to bed, another step nearer to our Graduation Day!

Thanks to the Class of '63 and the Class of '64, our Red Rose Ball will be a memory not soon forgotten.

Marian Day

On Sunday May 27th, the fourteenth annual Marian Day Rally was held at Civic Stadium. The Catholic Students of St. Joseph's School of Nursing were among the thousands of people to publicly express their devotion to the Blessed Virgin Mary.

This year the programme followed the theme "That All May Be One." The guard of honour and the living rosary were formed by the girls of Cathedral Girls' High School. The guest speaker was His Excellency Reverend S. Baggio, D.D., Apostolic Delegate to Canada. Floats from the different parishes of the Hamilton Diocese depicted the six holy days of the year. The crowning ceremony was performed by the graduating class of Notre Dame Academy. The music was provided by St. John's College Girls Trumpet Band of Brantford and Cathedral Girls' High School. The choir was formed by members of Loreto Academy.

Marian Day closed with Benediction.

Intermediate Senior Retreat

Father McGoldrick gave inspiring conferences to the student nurses of St. Joseph's Hospital during their annual retreat this year.

Throughout the three days of silence, prayer, and meditation, Father directed our thoughts to Eternity. We were shown how we can live a happy life now, with assurance of eternal bliss;

- a) trust in God to take care of us.
- b) pray, don't complain.
- c) spend TIME on your soul.
- d) give, give, give.
- e) daily meditation, rosary.
- f) our most precious gift-Sanctifying Grace.

Our Lady's womanly love and life were explained to us also, so that Mary became as one of us, and we grew to love and respect God's Mother in a wonderfully new light.

We learned of the power of womanhood and our associated duties and responsibilities as Christian women.

For may, this was the last retreat they will make at St. Joseph's Hospital, and for all, this was a truly fruitful three days for getting on the right road for Eternity- the road to God.

Thank-you Father McGoldrick.

B. Bauernhuber '62

Beatrice Bauernhuber

INTERMEDIATE SENIOR RETREAT

This 3 day retreat began each day with morning prayers, meditation, mass and Holy Communion. It continued with 5 scheduled conferences with free time between for spiritual reading, meditation and of course coffee time. There was time for private conferences if anyone so wished.

Each evening the exercises closed with Benediction and recitation of the Rosary, with the retreatants retiring weary but satisfied.

Class of 1961 and 1962

May Crowning

May 16, 1962; Our Blessed Lady was crowned during a beautiful ceremony that took place in our hospital chapel.

Student nurses in school uniform made an impressive picture as they walked slowly down the centre aisle singing "Bring Flowers of the Fairest."

The procession was led by Colleen Dyett, who carried the banner of our Blessed Mother. Charlene Scime carried a tiny crown of flowers to place on the head of the Virgin Mary. Anne Marie Camirand held a wreath of lilies to be placed at Our Lady's feet.

Everyone present knelt as Barbara Hudecki went slowly to the side altar, to place the crown of flowers on Our Mother's head. "On this Day" and "Queen of the May" were sung, as Barbara Hudecki and Anne Marie Camirand returned to their seats; following which the traditional hymns "Tantum Ergo" and "O Salutaris Hostia" were sung as Father May offered Benediction. This short, yet stirring ceremony helped make all realize how very much Our Lady means to us.

Our Proposed Residence

With the first stages of the expansion programme of St. Joseph's Hospital underway, we, the student nurses watched with equal interest for the first turning of the sod behind Undermount Residence which would indicate the beginning of the construction of our new nurse's residence.

It had been evident from the beginning that the stately old Oakbank residence would have to be demolished to make way for the new residence. Even after its demolition, the happy memories of our good times shared together there within its spacious rooms will still linger on.

The huge shade trees were uprooted in quick succession. The excavation had begun. The quiet gardens had been replaced by the machines and the turmoil that accompanies a major construction project.

During the following months the steel structures of the addition began to rise.

From James Street one will enter the new residence which is twin-like in appearance to the new hospital with its blue glazed brickwork and modern architecture.

There will be elevator service to carry one to any floor of this eight storey structure or stairs for those individuals who are ardently desirous of exercise.

Lockers, linen and trunk rooms and storage area will be contained in the basement.

The reception room with its comfortable modern furnishings and planters with perhaps some Virginia Creeper growing amongst the plants and ivy's will provide a friendly homey atmosphere for our guests and visitors.

Further along the hallway will be the offices of the Director of Nurses, Director of Education, and the Instructors, and the Board Room. First floor will also house three classrooms, a library, a science and dissecting room and rooms for nursing instructions and practice.

Each of the seven floors will have a sitting room and there will be accomodations for a hair-dressing unit on alternating floors, and a few kitchenettes.

Both private and semi-private bedrooms will be available. Each of these rooms will have a desk and dresser combination, a full length mirror, a sink, bookcase, ample clothes closet space, adequate lighting, and matching curtains and bedspread.

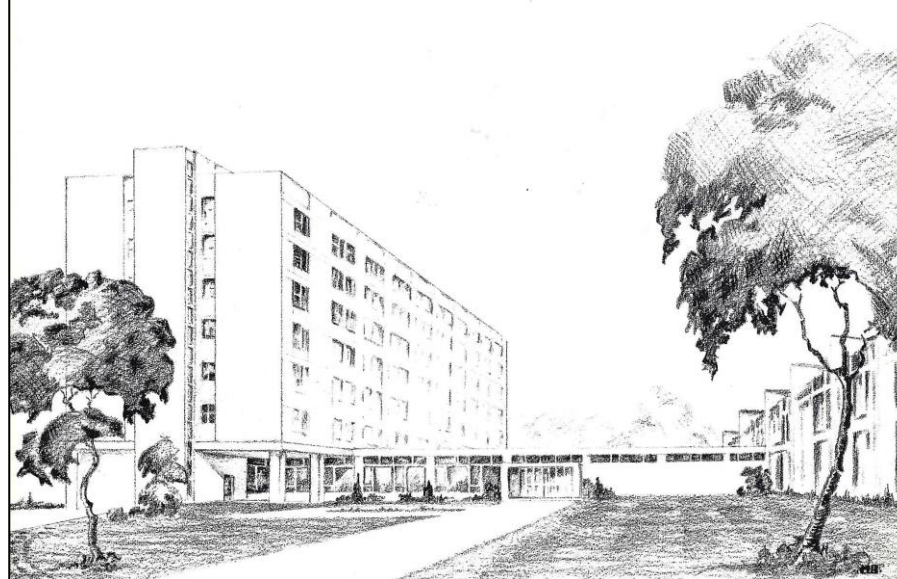

The residence and hospital will be equipped with a public address system, and electric simultaneously synchronized clocks.

Probably the most alluring floor to us will be the recreational roof area. Here we shall be able to relax in our off duty hours and be free from the trials and tribulations of the day. What could be more enjoyable than a barbeque party or getting a tan on the sun deck? It would surely aid in preventing that anemic-like appearance most of us develop from getting an insufficient amount of sunlight. For those wishing to repose, there will be a quiet area or a music and television room, and a recreation room for those more athletically inclined.

Now it is only a matter of time until the completion of this commendable project.

With enthusiasm and anticipation we are awaiting the autumn of 1962; the cutting of the ribbon, and the official announcement of the opening of the new residence which will be our home while we are student nurses in St. Joseph's School of Nursing in Hamilton, Ontario.

The arrival of His Excellency, the Most Reverend S. Baggio, D.D., Apostolic Delegate to Canada, marked an occasion for great celebration in the Diocese of Hamilton. After visiting many churches and schools, His Excellency came to St. Joseph's Hospital, on Wednesday May 30, 1962. Greeted by a guard of Honour formed by our students, he was introduced to each of the Sisters of the Hospital. A dinner given in his honour was attended by His Excellency Bishop J. F. Ryan, D.D., J. C. D., members of the Board of Governors of St. Joseph's Hospital, and doctors.

After hearing selections sung by the Sisters of St. Joseph's Choir, and St. Joseph's School of Nursing Choir, His Excellency visited the sick in the hospital, giving His blessing to many.

Thus, the brief visit of the Most Reverend S. Baggio was terminated, but we shall all be looking forward with anticipation to his return.

1962 April
Nurses Alumnae Executive recommended that the African Student Fund proceed with \$600.00 for return airfare and \$300.00 per year for incidentals. Books and uniforms would be provided by the hospital.

Nurses' Alumnae Sets Up Students' Fund

A recommendation that an annual benevolent fund of \$500 be set up to assist deserving student nurses was approved at a recent meeting of the St. Joseph's Hospital Nurses' Alumnae Association, in the hospital auditorium.

Mrs. R. C. Newman of Dundas presided.

Mrs. Murdoch MacKenzie of Burlington will convene the graduation dance in June.

Plans have been completed for the graduation dinner and annual meeting to be held on May 9.

Dr. William Love, representing the African Student Foundation, discussed how to sponsor an African student nurse at St. Joseph's. The executive committee was authorized to study Dr. Love's suggestion, and report with a recommendation of action to be taken at the April meeting.

A proposal that the St. Joseph's Hospital Nurses' Alumnae Association sponsor an African student at St. Joseph's School of Nursing was passed unanimously by the association.

The proposal was made at the recent annual meeting and graduation dinner held at the Royal Connaught Hotel.

MRS. G. A. LANE spoke to the association on the need for a literate Africa. She said accepting the challenge of sponsoring an African student in Canada will help to solve the problem.

Mrs. Russell R. Fletcher, chairman for the evening, launched a membership drive to help the association to raise the \$2,300 necessary to carry out their sponsoring project, over the next three years.

GUESTS OF honor at the meeting were the 86 members of the St. Joseph's graduating class of 1962.

Mrs. R. C. Newman proposed a toast to the class. Miss Patricia Gilbert replied on behalf of the graduates.

Association officers for 1962-63 were installed.

They are: Mrs. R. C. Newman of Dundas, past president; Mrs. Russell R. Fletcher, president; Mrs. M. J. Hastings, Burlington, 1st vice-president; Mrs. Thomas Radigan, 2nd vice-president; Mrs. Allan

Alumnae Banquet

May 16, 1962; the St. Joseph's Nurses' Alumnae held their annual banquet at the Connaught Hotel.

After a delicious meal, a warm welcome was extended to the graduating class of '62 by the Alumnae members; following which Mrs. A. Lane, a graduate nurse herself, was the guest speaker for the evening. Mrs. Lane told us something of the recent trip to Africa which she and her husband enjoyed, along with other medical colleagues. It was informative and brought before us the dire need for medical assistance existing in Africa. Mrs. Lane also mentioned to us the probability of having African exchange students come to Canada to receive their Basic Nursing Education at our hospital.

The latter part of the evening consisted of a short business meeting.

Mother-Father-Daughter Banquet

Mother-Father-Daughter Banquet

The Burgundy Room of Fischer's Hotel was the setting for the Mother-Father-Daughter Banquet of the Class of '62.

Our personal sentiments were expressed through the presentation of a lovely corsage to each mother.

Father May, our hospital chaplain said Grace; a delicious turkey dinner with all the trimmings was then served. Father Hennessey, a native of Hamilton, at present at St. Gabriel's Parish in Toronto, was the guest speaker. Father stressed the meaning and value of compassion as a fundamental virtue necessary to the life of any nurse. His talk was thought-provoking, especially to us as future graduates.

The evening was thoroughly enjoyed by all. We wish to thank Judy Flynn, convenor of the occasion for making the evening such a success.

Graduation Day

The morning of May 23, 1962 was here at last. It was 5:30 a.m.; Stephanie Gabriel was making an early morning tour of Undermount Residence waking everyone up to this day of days. Soon excited bustle was intermingled with the crisp rustle of fresh bibs and aprons, as the Graduates of the day prepared themselves for Mass.

The entire class proceeded to the Chapel, beautiful in it's simple way; where Father May, our own hospital chaplain said Mass for us. During it he spoke to us of our career that lay before us, and the three years that lay behind us.

Following Mass we entered the cafeteria where Sister St. James received us. Tables were arranged in banquet style, decorated with bouquets of flowers. After being seated in our respective places, Sister St. Paul, Hospital Administrator, said a few words to us. We were then presented with black leather bill folds, personally initialed, from the Sisters of St. Joseph.

The cafeteria staff served us a most enjoyable breakfast, following which we sang "Sentimental Songs", and cheered everyone entering the cafeteria. This was truly a perfect beginning to a perfect day.

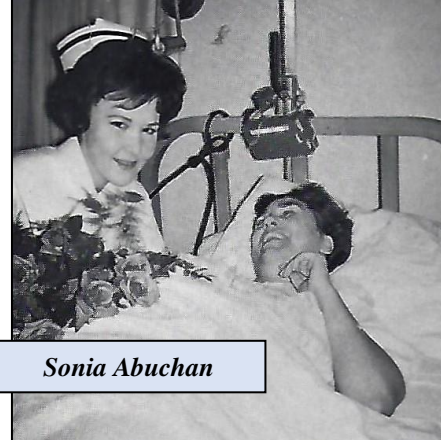

Now everyone turned to their individual busy morning's activity - mostly consisting of hairdressing appointments, and making that final check on our graduation uniforms.

Soon it was 3.00 p. m. - we had travelled to Cathedral Girl's High School on busses; and at this moment everything seemed to be a haze in our minds.

Strains of "Pomp and Circumstance", the graduation theme being played on the organ were heard; and with a sudden chill of excitement we were on our way down the crowded aisle of the auditorium and ascending the stage for the Graduation ceremony itself.

Our Graduation Day, how wonderful it all was; and how proud we all were. Our three years of training, many times seeming long and unending was indeed worth today!

aledictorian Tells Nurses:

Graduation Is The First Step

You have chosen to tread a way of life, to offer devotion, self-sacrifice and innumerable help to society," said Rev. J. L. Wilhelm yesterday.

Rev. J. L. Wilhelm was addressing the 86 members of the 48th graduating class of St. Joseph's Hospital School of Nursing at the graduation exercises held in Cathedral Girls' High School.

"We do know," he told the graduates, "that you have chosen your careers with the best of intentions. We know these intentions are such that you will be able to do with them." He continued, "and you have the high ideal of serving your fellow man for the love of God."

Other careers will be rewarded, he explained, "as you carry high the torch of compassion and understanding that you have received from your teachers."

Dr. A. J. Liston, chief of the medical staff of St. Joseph's Hospital, was chairman for the afternoon. He congratulated the graduates and their parents, on behalf of the hospital staff, and told the girls he hoped that many of them would stay to work at St. Joseph's Hospital.

Suzanne Neubauer of St. Joseph's was valedictorian for the class. She called the graduation "a step toward the goal which we have set for ourselves, and will try to achieve."

He remembered that many of the girls had entered training filled with ideas of the future of being a nurse. They had found, he said, that it was not the true spirit of the nurse.

Ready to embark on their nursing careers are Cathedral Girls' High School are, from left:

Valedictory Address

To-day, the Graduation Day of the Class of 1962, marks another memorable occasion in our lives, a further step toward the goals which we have set for ourselves and are attempting to achieve.

This day has been preceded by much preparation and anxiety. For months now we have been impatiently "counting the days" until Graduation and joyously participating in many activities - the teas, dinners and dances, all making this event unforgettable.

But these are only the external manifestations of our achievement.

What of the past three years of lectures and practical experience, culminating in our Graduation to-day. Some may have come to St. Joseph's filled with glamorous ideas of the work which we were about to begin. How quickly these dreams faded to reveal the true spirit of a nurse! Through trials and rewarding experiences, we soon learned that our cap and uniform were but symbols, signifying those virtues of sympathy, understanding, patience and charity, as well as practical ability pertinent to one in the Nursing Profession.

The completion of this course could not have been accomplished alone - we needed many hands to guide us.

We thank our priests and ministers for helping us spiritually.

The Sisters who by their inspiring example and warm-hearted interest worked with unselfish dedication to form figures of Christ in us.

The doctors for their continuous support and interest.

The instructors and graduate staff for guidance and teaching.

And of course our parents who encouraged us through every step.

To all of you, we are deeply indebted and sincerely grateful.

What does the future hold for us? For many, Graduation will mean the completion of formal education. For others, this pin and diploma will open the gate-way to higher fields of learning - so important during this present age when advanced education is being stressed so emphatically. Whatever way of life we intend to pursue, we know that our education here has been adequate and most applicable in every way.

As Graduate Nurses, we shall remember and continue to apply what we have learned so that we may be a credit to our school and help to uphold its excellent reputation.

Perhaps as our prayer for the future we might select an excerpt from the Oath of Marmonides" "O God thou hast appointed me to watch over

the life and death of Thy creatures; here am I ready for my vocation, and now I turn unto my calling."

Suzanne Neubauer 1962

Toast to the Alma Mater
by
Isobel Farrell Gisborn '62

Sisters of St. Joseph, Honoured Guests, Fellow Alumnae

Congratulations to my classmates the Class of 1962. This is our 50th anniversary of our graduation from St. Joseph's School of Nursing.

To the Sisters of St. Joseph, we say a very big thank you for your patience, your guidance and your dedication in preparing us for our chosen profession of nursing. A special thank you for allowing us admission to the school in the first place. To the Alumnae, our seniors, we thank you for your support through the years.

We, as all classes do, consider our class unique. We were a group who bonded and remained close during our 3 years together, and many of us remain friends to this day. I think we were the only class to have written a class anthem.

Nursing gave us a certain freedom and we were able to earn a good living doing what we loved to do. Yes, it was hard and some days more than a little challenging, but we felt that we were well prepared thanks to the Sisters of St. Joseph, the Instructors, our seniors and the doctors. To their and our surprise, I think, the whole 84 of us passed our R. N. examination on the first try. Our school's preparation was not only for nursing but also for our lives on the outside. One of the more difficult things was that to remember that we were ladies, and had to remain dignified as we were always representing our school. Yet....this did not prevent us from having fun, going out dressed in skirts with jeans rolled up underneath, so that we could go the forbidden roller rinks. We were all found out when Sue Neubauer fell at the rink and broke her elbow.

Although this is a happy day for us, we have to remember our 9 classmates who are no longer with us. In their memory we are going to make a donation to the Alumnae and to the Canadian Nurses for Africa. Also in their memory, we would now like our class to please stand to sing our Class of 62 anthem.

The Class of '62 Anthem
sung to the tune of "The Halls of Montezuma"

Chorus
Through the hall of St. Joe's Hospital
Trip the Class of 62
With their long white aprons hanging
To the toes of Cuban shoes

1st verse
We will fight for shorter uniforms
And for long hair, flat shoes too
But when SMV catches us
We'll be wearing only blues.

2nd verse
We will trudge to supper faithfully
After working hard to please
As we look up at the Menu
See asparagus creamed with cheese.

3rd verse
They will try to make us nurses
And to keep us in at night
But we'd crawl right through the windows
If the bars weren't so darn tight.

4th verse
These complaints we offer freely
We sincerely wish to say
That we'll miss the fun of training
On our graduation day.

I would like to ask everyone to stand for the toast to our Alma Mater.
