

President's Message

It was good to celebrate with all our Alumnae Classes that have major anniversaries to acknowledge and to particularly acknowledge and honour the 50 year Anniversary Classes that we were unable to honour for the past 3 years due to Covid-19...1970,1971A, 1971B, 1972. We now invite the class of 1973 to share this honour.

There are additional classes that have had significant anniversaries during the past 3 years and this current year that also needed to be recognized. Today we have 417 people in attendance.

TOAST TO THE ALMA MATER 2023

I'm not sure who put my name forward to do this. I guess they didn't know that my last speech was many years ago at a send off to my favourite Girl Guides as they moved on to Pathfinders. I cried through the whole thing! I hope this won't be a repeat of that.

It really is an honour to be here today. As you well know, there were many "Covid" years when we couldn't gather and those classes celebrating their 50th reunion during those years were unable to be up here to tell their stories. The last year we physically celebrated was 2019. The alumnae executive made the decision that the class that was actually celebrating 50 years should do the toast. So to the classes of 1970, 1971A, 1971B as well as 1972, I salute you and wish one of you was up here instead of me!

Kathy Alexander suggested that I go to the alumnae website for ideas for this toast. Thank you Kathy. I highly recommend every one of you do the same.....what a labour of love! I discovered things I didn't know about the classes who are being honoured this year.

For example, the class of 1970 was the last class to have their graduation at Fontbonne auditorium. Both the 1970 and 1971A classes were part of the 2+1 program where there were 2 years of classroom work and related clinical experience and then the third year was an intern or practical year with a class held once a week.

Those in the 1971B class were the first students in the 2 year program and those graduating in 1972 were the second.

The grads of 1973 began a new self-directed 2 year program. Sister Ann Marshall, the School of Nursing Director in 1971 said "We found most students, by working at their own speed, learned faster than ever before. We all remember carrels, SAS, Gas, objective tests and the learning resource centre. We were also the last class to graduate under the auspices of St. Joseph's Hospital.

We were prepared well by St. Joseph's School of Nursing even though we were ONLY TWO YEAR GRADS. Our instructors had worked hard on that new program and they weren't going to let it – or us fail!

No matter the length or type of program, when we left St Joe's as graduates we had the ability to give excellent nursing care physically, mentally and emotionally. I know we are all proud to say we are graduates of St. Joseph's School of Nursing.

Sister Virginia Hanlon had it right..."we are forever a St. Joe's grad". I truly believe that St Joe's taught us to care and share, with people everywhere. Whether it was because of the screening process for applicants of the instructors or the method of teaching...we left our alma mater with the desire to help and over the years, we have done so throughout the world.

And change is constant, I would like to make one small change today...I propose 2 toasts. So don't empty your class with the first one!

With the classes of '70, '71A and '71B, '72, '73 and ALL the 3450 graduates of St. Joseph's School of Nursing, please share a toast to all the hard working alumnae team who work so hard to keep us coming back for more! Thank you – to the Alumnae!

And to the instructors, administrators, support staff AND our Alma Mater, we toast you! –To St. Joe's
